Dear Members,

Four years ago I lost two old trees that were on town property, but bordered my house. I missed the shade in the summertime, and without constant summer watering, the grass turned quickly brown. It took the town two years to finally replace them during the month of November, and by April of the next year, they were dead. I was assured by the town that they would be replaced, this time by cherry trees!

Well, it is spring and Easter, and I now have two new blooming cherry trees which to me symbols joy: joy in vaccinations, live music, and live meetings and gatherings. The live organ recital recently performed by Preston Dibble was uplifting to say the least, and I look forward to more live events as I'm sure you all do. May the Easter season raise our spirits to new heights--all LIVE!

Sincerely,
June Marano-Murray
